

Appendix 8

BUMC ICP TABLE OF CONTENTS

INTEGRATED CONTINGENCY PLAN

PREPARED FOR:

BOSTON UNIVERSITY MEDICAL CAMPUS

BOSTON, MASSACHUSETTS

PREPARED BY:

GZA GEOENVIRONMENTAL, INC.

NORWOOD, MASSACHUSETTS

REVISION: APRIL 2003

	Page
RECORD OF REVIEW AND REVISIONS	i
PLAN DISTRIBUTION LIST	ii
EMERGENCY CONTACT LIST	iii
SPILL RESPONSE/REPORTING QUICK REFERENCE SUMMARY	iv
SPILL/RELEASE RESPONSE/REPORTING FLOWCHART	v
SPILL/RELEASE RESPONSE EQUIPMENT LIST	vi

Section 1.0 - General Information

1.1	Introduction	1
1.1.1	Plan Outline	1
1.1.2	Plan Review/Amendments	2
1.1.3	Plan Distribution	2
1.1.4	Certification of Substantial Harm Determination	2
1.2	Purpose and Scope	3
1.2.1	BUMC General Information	4
1.2.2	BUMC Oil Storage Overview	4
1.2.3	BUMC Hazardous Waste Storage Overview	4
1.2.4	Emergency/SPCC Coordinators	5
1.2.5	Incidental vs. Non-Incidental Spills/Releases	5
1.3	Approval and Certification	7
1.3.1	Management Approval	7
1.3.2	Professional Engineer Certification	7

Section 2.0 – Fire, Explosion, and Spill/Release Response Procedures

2.1	Regulatory Background	1
2.2	Discovery of a Fire, Explosion, or Spill/Release	2
2.2.1	“Incidental” Spills/Releases – Stop, Contain, Clean-Up The Spill/Release at Source	2
2.2.2	“Non-Incidental” Spills/Releases – Immediate Notification	3
2.2.3	Fires and/or Explosions	3
2.2.4	Evacuation Procedures	3
2.2.5	Coordination Agreements	4
2.3	Response and Mitigation	5
2.3.1	Immediate Response Actions – “Non-Incidental” Spills/Releases	5
2.3.2	Reporting to External Agencies	5
2.3.3	Clean Up of Spill Area	7
2.3.4	Recover Material Spilled	7
2.3.5	Decontaminate Tools and Equipment	7
2.3.6	Disposal of Waste Materials	7
2.4	Follow-Up and Corrective Action	8
2.4.1	Incident Documentation	8
2.4.2	Remediation and Corrective Action	8

Section 3.0 – Fire, Explosion, and Spill/Release Prevention

3.1	Facility Use and Storage of Oil and Hazardous Waste	1
3.1.1	Hazardous Waste Storage/Accumulation Areas	1
3.1.2	Oil Storage Tanks	1
3.1.3	Oil Containing Equipment	2
3.1.4	Waste Oil Accumulation and Storage	2
3.2	Containment Systems, Corrosion and Overfill Protection	3
3.2.1	Hazardous Waste Storage/Accumulation Areas	3
3.2.2	Oil Storage Tanks	3
3.2.3	Oil Containing Equipment	4
3.3	Assessment of Spill/Release Scenarios	5
3.3.1	Hazardous Waste Storage Areas	5
3.3.2	Aboveground Oil Storage Tanks	5
3.3.3	Hydraulic Elevators	11
3.3.4	Oil-Containing Electrical Transformers	11
3.4	Drainage from Diked Storage Areas	13
3.5	Fire, Explosion, and Spill/Release Response Equipment	14
3.5.1	Fire Prevention and Suppression	14
3.5.2	Alarm Systems	14
3.5.3	Spill/Release Response Equipment, Tools, and Absorbent Materials	14
3.5.4	Miscellaneous Equipment	14
3.6	Inspection Procedures	15
3.6.1	Inspections of Oil Storage Tanks and Equipment	15
3.6.2	Inspections of Hazardous Waste Storage Areas	16
3.6.3	Inspection Records	16
3.7	Integrity Testing	17
3.7.1	Oil Storage Tanks	17
3.7.2	Oil Containing Equipment	18
3.8	Training	19
3.8.1	BMC Personnel	19
3.8.2	Fuel Delivery Truck Drivers	19
3.8.3	Waste Disposal Contractors	20
3.9	Security and Lighting	21
3.10	Exercises/Drills	22
3.11	Oil and Hazardous Waste Handling and Vehicle Loading/Unloading Procedures	23
3.11.1	General Oil Handling Procedures	23
3.11.2	Oil and Hazardous Waste Container Loading/Unloading Procedures	23
3.11.3	Storage Tank Fueling Procedures	23

APPENDICES

Appendix A	EPA's Oil Pollution Prevention Regulations (40 CFR 112)
Appendix B	Certification of Substantial Harm Determination Form
Appendix C	Spill Incident Report Form
Appendix D	Inspection Forms
Appendix E	Notice to Fuel Delivery Vendors
Appendix F	Hospital Wide Fire Plan
Appendix G	Regulatory Cross Reference
