

2017 HHS Green Champion Award Winners from NIH

The HHS Green Champion Awards annually recognize HHS federal employees and organizations that demonstrate success towards implementing sustainability principles into their work place. NIH has historically had a strong presence among HHS Green Champion Award Winners and this year was no exception! Please join us in recognizing the hard work from the many NIH Winners of 2017 HHS Green Champion Awards! The recipients are listed below by category. Full descriptions of each project are available [here](#) (HHS employees only). Additionally, you can read about the 2017 Honorable Mention recipients [here](#) (HHS employees only).
