

Department of Health and Human Services

The Department of Health and Human Services (HHS) Green Champion Awards were established by the Department in response to Executive Order 13514 issued by President Obama in October 2009 challenging federal agencies to dramatically reduce greenhouse gas (GHG) emissions, energy & water consumption, & pollution.

These awards recognize and promote excellence and creativity for HHS employees for Fiscal Year (FY) 2013 sustainability efforts.

This program is developed to be Section 508 Compliant and is consistent with sustainable printing standards. If a paper copy is needed, please print double-sided on recycled-content paper.
