

NIH Empty Chemical Bottle Recycling Program

Did you know that your hazardous and non-hazardous empty chemical containers (plastic, metal and glass) can be recycled?

How: Turn in all empty chemical bottles to the NIH Chemical Waste Services with the rest of your chemical waste

To participate in NIH's empty chemical bottle recycling program
email: ***depchemwaste@od.nih.gov*** or call ***301-496-4710***
to request a collection tote

***Do NOT place any chemical bottles
in the Trash or in teal "Disposable
Labware & Broken Glass" bins or
in Commingled Recycling bins***
